Subject: Summer Storm

Date: Aug 4, 2017 9:40 PM

Hot splats of rain  
Hit sun-dried ground.  
Thunder clouds rumble overhead.  
Summer boils its anger  
Between Earth and sky.  
Hot damp winds  
Promise much;  
Deliver little.  
As the clouds sear  
In the setting sun's flambe  
The heat resumes  
To rule the morrow.
