God sent the plagues
But Moses had to go
God parted the sea
But they had to walk across it
God sent the manna
The people had to gather it
God gave the victory
Moses had to hold up the staff
God sent the cloud by day
The pillar of fire by night
The people had to follow
God parted the Jordan
The people had to march through
God will do miracles
In our lives, too
Not taking care of everything
Leaving parts for us to do
Places for us to go
Where is God calling
Me to go?
What is God calling
Me to do?
What miracles will happen
If I just follow?
